PROTOCOL USED
TRON BASED – TRC-20 TOKEN

REASON FOR USING TRC-20 :
Low Transaction Cost as compared to other protocols , so its a best thing to avoid the transaction fees hit on the merchants and service provider , as we compared with other protocols where fees is 20 $.

Why Merchant Accept the Hire Token ?
Everyone needs Business expansion with a strong community support we help the merchants to get more business and yes the customers also get an discount or rewards from the merchant.

Roadmap
We have clearly mentioned on website as per technology we are in process to make a wallet base payment gateway for the HIRE Token which can easily integrate with the merchant websites
